

# PRODUCT CODE: GS003

PRODUCT DESCRIPTION: Heavy Duty Drag Skip

Drag Skips for use with excavators.

- Floor and front panel fabricated from 12mm plate - Built to last in the areas that will get most wear.
  - Sides and back fabricated from 6mm plate.
  - 7250 litres - Huge capacity for less transport time on site.
- Totally flat underside of skip base - For less resistance when dragging.
  - Reduces damage and wear to dumper bodies.
  - Provides access to areas of site that dumpers cannot reach.
